

S & D GOODLAD T/A GOODLAD CONTRACTING

ENVIRONMENTAL POLICY

S & D Goodlad are committed to providing a quality service in the manner that ensures a safe and healthy workplace for our employees and clients and to minimise our potential impact on the environment. We will operate in compliance with all relevant environmental best practices in all we do.

S & D Goodlad maintains a fundamental belief in the importance of protecting the environment, and will conduct its business in a manner which protects the environment by:

Avoiding unnecessary use of materials and products, seeking substitutions where feasible, and to take all reasonable steps to protect human health and the environment where such materials must be used, stored and disposed of.

Integrate the consideration of environmental concerns and impacts into all of our decision making and activities.

Strive to adopt the highest possible environmental standards in all its operations, wherever these are located.

The use of biodegradable oils in machinery and plant when necessary to minimise impact on environment in the event of leakages or spillages.

When required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programs.

Continuously receiving and improving environmental performance by modifying working practices and introducing appropriate technology.

Ensuring that all employees are aware of their individual responsibilities in the implementation of this environmental policy.

S & D Goodlad strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities.

This policy shall be available to the public via the company's website.
